

*On behalf of the organizing committee from the Cleveland Clinic, we invite you to the ISRS 2024 Congress in New York City.*

*The congress is designed to share ideas to develop and provide personalized, focused radiosurgical and stereotactic body radiation care around the world. This includes advancing the technology, optimizing treatment outcomes, and emphasizing patient-centered care through collaboration and education.*

*We are pleased to share the preliminary program with you and hope to see you in New York.*
